

Tail Waggers HOPP, Inc.

tailwaggershopp@gmail.com

Hello and thank you for your interest in our Tail Wagging canine therapy teams! We would love to add you to our facility rotation schedule. We offer visits with as few as 2 canine teams for a more personal interaction or as many as 10 canine teams for events with lots of interaction.

We do need some detailed information to make sure we can meet your needs and that we are a good fit for each other.

1. How often would need visits weekly, biweekly, monthly, quarterly, or as needed?
2. How many teams would you like per visit? (Please note: for our first visit we always send out a minimum of 2 teams together)
3. What type of schedule are you looking for, weekends, weekdays, or evenings?
4. Are there any specific requirements that you would need from our teams prior to the visits? (please be specific)
5. Are there any parking restrictions that we need to know about?
6. Could you describe in a few sentences how you see our visits working inside your facility?

We do ask for all communication to be done by email as we have several people who monitor and respond very quickly to any questions you have.

Thank you again for contacting us and we are very excited to start working with you!
